This itinerary has been created through our personal travel experience in this region. It can easily be modified and combined with any other tour we offer. Sabah offers various opportunities for day trips, hikes, scuba diving, wildlife watching or simply relaxing spots. See some suggestions below.

Our objective is to suit your interests best. Talk to us and we will design the right trip for you.

Summit of Mount Kinabalu

The local Kadazandusun people believe Mount Kinabalu to be the resting place of the souls of their departed ancestors. The granite massif which rises to 4,095 metres high is the centrepiece of Kinabalu National Park and probably Sabah's main attraction. On your first day you drive 2 hours overland (88 km) through padi-fields and Dusun villages over the ridges of the Crocker Range to the foothills of Mt. Kinabalu at 1600 metres, to arrive at the park's headquarter at Kundasang. Visit the Visitor Centre and Mountain Garden - home to flowering rhododendrons, carnivorous pitcher plants, orchids, ferns, oaks and over 300 species of birds. Despite their abundance many are endemic only to this locality. Take a guided walk on one of the trails in the cool surrounding of the mountain forest. On the second day you transfer to Timpohon Gate at 1,800 meters to start a 4-6 hours trek with a mountain guide to your overnight accommodation Laban Rata (3,353 metres). Beautiful flowers and pitcher plants can be found along the trail. Start ascent at 3 am to reach the summit for the sunrise at 6 am. After lunch at the Headquarter you transfer back to Kota Kinabalu.

At the south-eastern corner of the park in the tropical lowland is Poring Hot Springs. Its water is channeled to bath tubs. After enjoying a relaxing bath you can wander through an orchid garden, a butterfly garden and a 1 km jungle trail leading to canopy suspension bridges 30 metres above the ground.

Turtle Island

Established in 1977 Pulau Penyu National Park comprises three small islands where turtles are nesting almost every night throughout the year.

From Sandakan you transfer by speedboat to Selingan Island (1 hour). After check into your chalet, you can spend a leisure day exploring the island, swimming and snorkelling. After dinner you proceed in small groups to the beach, where you can watch the Green Marine Turtles lay their eggs. Also, eggs are transplanted to hatcheries and baby turtles released to the sea.

Scenic Steam Train Ride

On this two-days-trip you drive overland to Tambunan crossing the Crocker Range. Visit Rafflesia Centre and admire the largest flower of the world. Have lunch at Keningau before continuing to Tenom (46km) for your overnight stay. The next day, after breakfast, enjoy the gardens, tropical fruits, beverages and spices of Lagud Sebrang's Agricultural Park. Then board a train to Beaufort via the scenic Padas Gorge past tropical lowland rainforest, rubber plantations and native villages. Return to Kota Kinabalu by coach.

Pulau Sipadan - World Best Diving

Acknowledged as one of the best diving and unique spots in Southeast Asia or even in the World, Pulau Sipadan is located off the small coastal town of Semporna on Sabah's eastern coast - only a 45-minute boat ride away. Just 5 meters from the beach, the water turns indigo blue as the sea drops abruptly to almost 1000 meters deep. Myriad of colorful tropical fish swim in the warm water near the surface whereas huge groupers nose about. Moreover, the water gets so dark that one would not really know what lurks below. Professional diving companies operate on the island and offer packages covering everything - for an unforgettable experience.
